Your confidence lands here.

TIMBERLAND VALUATION & APPRAISAL

From vast tracts of forestland to individual trees, our team of experts excel at all aspects of natural resource and property valuation. We specialize in challenging appraisal situations including due diligence efforts, conservation and new utility easements, carbon projects, and tree and property damage situations.

OUR CLIENTS INCLUDE:

- Timber Investment Firms
- Real Estate Organizations
- Private Landowners
- Financial Institutions
- Commercial Business
- Conservation Organizations
- Conservation Organizations
- Government Agencies
- Tribal Entities

Collaborating with our Analytics experts, we offer a unique suite of services yielding supportable valuations. We stay current on the fluctuating market conditions of a dynamic industry, including stumpage trends, intricate land transactions, conservation easements and more.
