

STEIGERWALDT HISTORY

COMPANY HISTORY

In 1957, Edward F. Steigerwaldt, Sr., established Edward Steigerwaldt, Consultant Forester, in Tomahawk, Wisconsin. Ed designed his business to emphasize forest management, timber sale facilitation, aerial photograph interpretation, general land consulting, and Christmas tree farming.

His son, Ed Jr., joined the company in 1970, creating Edward Steigerwaldt and Son, Consulting Foresters. Expanding the business to include timber inventory and real estate appraisal, they successfully completed a succession of notable inventory and mapping projects throughout Wisconsin and Michigan. The business gained a reputation for high-quality work and a commitment to forest stewardship. As additional services were offered and staff grew, in 1987, the business altered its name to Steigerwaldt Land Services, Inc. (Steigerwaldt).

Today, the company is directed by President and Chief Executive Officer Lee Ann Steigerwaldt, in consultation with company chairman, Edward F. Steigerwaldt, Jr. This transition of leadership from father to daughter makes Steigerwaldt a third-generation, family-owned company. With Lee's ascension to CEO, Steigerwaldt is now a women-led company.

PRESIDENT AND CEO

Lee is a third-generation consulting forester with a Bachelor of Science degree from the University of Wisconsin-Stevens Point in Forest Management, Urban Forestry, and Philosophy. The forestry and real estate consulting firm is excited for this talented, certified

general appraiser and ISA certified arborist to take the lead - pushing forward the company's mission of providing exceptional service.

Lee's ascension to CEO comes after years of hard work, continuing education and a steadfast dedication to providing the best service possible. Over her 20-year tenure with Steigerwaldt, she has become an integral part of the company and is uniquely positioned to lead the organization into the future.

With Lee's promotion, Steigerwaldt is now a woman-owned and led company. The Steigerwald team celebrates not only what this means for the company, but the industry as a whole. As the first woman to serve on the Executive Committee Board of Directors for the Association of Consulting Foresters, Lee is no stranger to pushing the industry norms of diversity and inclusion.

STEIGERWALDT LAND SERVICES, INC.

Steigerwaldt Land Services, Inc., is a full-service resource solution company, offering a wide range of appraisal, analysis, real estate, right-of-way, environmental, and forestry services to our clients in the Lake States region and beyond. Our company operates offices in Tomahawk and Hayward, Wisconsin, and Negaunee, Michigan. Our employees are skilled in a variety of fields and work in a team atmosphere to tackle a wide array of real estate and natural resource projects. Our diverse expertise takes us to all corners of the United States.

Our work is characterized by our commitment to sustainable solutions, innovative thinking, the latest technology, and respect for the natural environment. Our business has been built on satisfied clients. We put forth high-quality, efficient work with the highest ethical and professional standards possible.

STEIGERWALDT TREE FARMS, LLC

Steigerwaldt Tree Farms, LLC, a separate division of Steigerwaldt Land Services, is a Wisconsin Christmas tree grower. Major species in our inventory include Fraser fir, balsam fir, and white pine, and we also grow red pine and Scotch pine. We operate retail lots from Thanksgiving to Christmas in Florida and Wisconsin, and we sell wholesale trees across the United States.
