“Over the past several years, I’ve had the opportunity to work with the Steigerwaldt team to address multiple needs; land appraisals, land management plans, researching unique boundary and access situations, marketing, and brokered land sales. Their talented team provided a well-coordinated effort that required little effort on my part, while still maximizing the value from our timberlands. Their staff is knowledgeable, professional, responsive, and they get RESULTS. At the same time, they are personable, down-to-earth, nice people. I would highly recommend them for all of your land management needs. “
